**2** Cut the face and both ears out roughly. Glue all 3 pieces to light card and allow to dry.

**3** Cut out each piece carefully with scissors.

**4** Cut slots where indicated by the black lines on each side of the face of your dragon. Slot one dragon's ear into each hole and secure with sticky tape.

**5** Cut small holes on each side of the dragon's face where indicated by the black dots. Thread through elastic, cut to size and tie off.

**6** Using a pen or scissors make a hole in the white part of each eye to allow you to see in your mask. Widen the hole if you have trouble seeing through.
